Purpose

This policy outlines our procedures for a balanced and responsible approach to the service, supply, consumption and promotion of alcohol at club games, special events, functions and other club-related activities. It represents our club's commitment to its members, volunteers and visitors, acknowledging the role that sporting clubs and associations play in building strong and healthy communities.

This policy will help to ensure our club:

- Meets its duty of care in relation to the health and safety of our members, volunteers and visitors who attend any club games, special events, functions and other activities where alcohol may be consumed.
- Upholds the reputation of our club, our sponsors and partners.
- Understands the risks associated with alcohol misuse and our role in minimising this risk.
- Complies with a valid liquor licence and associated terms and conditions where appropriate.

More information about how to implement this policy and why it's important can be found at <https://portal.goodsports.com.au/app/policy/> .

General Principles

A risk management approach will be taken in planning events and activities involving the sale, supply or consumption of alcohol. Such events and activities will be conducted and managed in a manner consistent with liquor licensing legislation and this policy.

Alcohol use can lead to risk taking, unsafe, unacceptable and/or illegal behaviour. Excessive consumption of alcohol will not be an excuse for unacceptable behaviour, particularly behaviour that endangers others or breaches the law, this policy or any other policy of the club.

Policy Review

This policy will be reviewed annually to ensure it remains relevant to club operations and reflects both community expectations and legal requirements.

Visit: www.goodsports.com.au for information regarding the Good Sports program.

A person is defined as in a state of intoxication if their speech, balance, co-ordination or behaviour is noticeably affected and there are reasonable grounds for believing that this is the result of the consumption of alcohol.
